Principal's Message
Welcome Back! We’re in for a busy term culminating in Carnivale in the second last week.

Super Sporting Students
Congratulations to Jordan Wolfgramm on his selection in the NSW Primary Schools Sports Association team to compete at the School Sport Australia Championship in Darwin in early August. Look out for an upcoming fundraising activity to assist Jordan in meeting his costs to attend this prestigious event…

Congratulations to Parni Hopoate on her debut for the Beacon Hill under 11s first division recently, and scoring the match winning try! Parni certainly excels in all her sporting endeavours.

Mark Chaffer – Principal

Cyber Safety
As users of digital technology we all have an active role to play to ensure that we are ‘Responsible Digital Citizens’.

Students have a responsibility to:
- behave appropriately, respecting individual differences and diversity
- behave as responsible digital citizens
- behave as responsible bystanders
- report incidents of bullying to their classroom teacher or stage supervisor.

Parents and caregivers have a responsibility to:
- support their children to become responsible citizens and to develop responsible on-line behaviour
- be aware of any online behaviour and assist their children in understanding bullying behaviour
- support their children in developing positive responses to incidents of bullying.
• report incidents of school related bullying behaviour to the school
• work collaboratively with the school to resolve incidents of bullying when they occur.

With society becoming increasingly involved in social networking information and communication technology, please discuss with your son or daughter the appropriate use of the Internet and the ramifications of leaving a “digital footprint” online.

For more information on the nature and appropriate use of social networking sites, please refer to the Department of Education and Training’s website, http://www.cybersmart.gov.au

The cyber smart program provides a range of cyber safety materials for parents and their children.

For more information, resources, advice and tips, visit the Cyber smart website at www.cybersmart.gov.au.

Encourage your children and teens to take a look around the website. If you have young children, you may like to explore it together to help them understand how to protect themselves against online risks and make the most of their experiences online.

Dear Parent/Guardian,

As you may know, our school has access to the award-winning Britannica School. Teachers, librarians, and students have found this PreK-12 tool to be a safe, time-saving, and easy-to-use resource.

As part of our school’s subscription, students have unlimited access to Britannica School from home, at no additional charge to you. Now your children can use the same resource at home and at school, providing students consistent help for homework and research assignments. In addition to encyclopaedia articles, Britannica School also offers thousands of videos, images, learning materials, and educational games that deliver additional activities on subjects studied in class.

To access Britannica School from home, simply visit:

www.school.eb.com.au
Enter username: deewhynsw
Enter password: nswstudent

Enjoy your free and unlimited access to Britannica School.

Sincerely,
Lisa Clark
Teacher Librarian

Proud sponsor of the P&C School Disco...

The Australian Council on Children and the Media has conducted some great reviews and recommendations on a number of apps and base their review on things such as:

• In app purchasing
• online profile of person playing the game
• age recommendations
• game playing behaviour
• advertising and product promotion
• gender stereo types and sexual references
• gambling content

Stewart House School Clothing Appeal 2015
